## Matrice di compatibilità

---

I sistemi di illuminazione intelligenti vanno ben oltre la semplice accensione o regolazione dell'intensità luminosa. Essi sono connessi in modalità wireless, sono intelligenti e immediati e sono in grado di fornire l'illuminazione giusta, nella posizione giusta, al momento giusto.

La nostra matrice di compatibilità vi aiuterà ad identificare quali prodotti della gamma

Astro possono essere utilizzati insieme a Casambi, per offrire un sistema di controllo dell'illuminazione professionale multifunzione avanzato.
